

The Handicapped Area:

The handicapped area is located in the Oval. It is to the right front of the Hatch Shell stage (facing the stage).

Handicapped Parking:

People with disabilities will be admitted into a designated area at the Esplanade on a "first come, first served" basis. Each person is allowed only one guest. The designated area will close when filled or at 6PM whichever comes first. Parking for concert-goers with disabilities is available at the Mass. Eye & Ear Infirmary lot #2 beginning at 10 AM on July 4th. This lot can be accessed by entering Storrow Drive outbound from Leverett Circle and exiting at the Charles Circle off-ramp. The lot entrance is at the far left of the beginning of the ramp. Vehicles must display a handicapped plate or placard. The MBTA will provide free shuttle van service between the parking lot and Esplanade from 10 AM - 6:00 PM (or until the area is filled). There is no access on Storrow and Memorial Drives. Wheelchair accessible restrooms are available at the event. Once fireworks have ended, the shuttle will be back to pick-up those in the handicapped area and bring them back to the Mass. Eye & Ear Infirmary lot.

Please note – There is no handicapped parking on July 3rd.
